## Gates at Jamestown.

The first function of 1907 at Jamestown Island, will take place on May 9th, when the beautiful gates erected by the Colonial Dames of America will be presented to the Association for the Preservation of Virginia Antiquities. As this date, which is the only one on which the donors can conveniently come to Jamestown, is just before the two large excursions by steamer, that will be run on the 11th for the presentation of the church by the National Society of Colonial Dames, and the great A. P. V. A. celebration of May 13th. It will be impossible for the association to be as fully represented as otherwise would have been the case.

All who go to Jamestown that day, except such as may come up the river with the Dames from Old Point, will have to make the trip by way of Williamsburg. In spite of the difficulty, however, it is earnestly hoped that all the members of the association who can possibly do so will be present to express the appreciation of the body for the highly valued gift.

The gates stand on the boundary line between the property of the A. P. V. A., and that given the United States government for a monument site, and on the road leading from the wharf to the church.

The design is simple and stately and of colonial pattern. The pillars are twelve feet high, capped with granite blocks, and with brick wings on either side, the total width being twenty-five feet five inches. The gates proper are of wrought iron of beautiful design, and swing beneath a cross-bar—or crest as it is termed—containing the dates 1607-1907, with thirteen stars between the two.

Above the bar rises ornamental work, attaining a total height of fourteen feet, united with the work as an appropriate State motto, and the insignia of the society which gives the gates. The architects were Caner and Hastings.

**Final Arrangements.**  
Arrangements are being completed for the comfortable accommodation of excursionists who will go to Jamestown Island on May 13th, when the Association for the Preservation of Virginia Antiquities will celebrate the three-hundredth anniversary of the landing of the English colonists on the island.

Luncheon will be served aboard both the Pocahontas and the Indian. On the former boat, Miss Betty Elysson will be in charge of this feature, and luncheon on the latter boat will be in the hands of a competent committee of ladies from the Church of the Covenant.

A special attraction on the Pocahontas will be the musical rendering of both going and coming, by the band of the Richmond Light Infantry Blues. A company of the Blues, in their fine new uniforms, will also be in attendance, and will add a bright dash of color to the scene.

A delightful day is anticipated, and already a large number of people have signified their intention of taking the trip.

**HENRICO NOTES.**  
Wife and Daughters of Treasurer in Runaway Accident.

In the Henrico Circuit Court yesterday the jury heard testimony in the suit of Joseph Hoffman against the American Locomotive Company. The plaintiff claims that a sewer constructed through the highway of the company was not of sufficient size to carry flood water, and that at every freshet the water backed up on his land, causing damage, for which he asks \$3,000. The case has been heard several times before, and was once in the Supreme Court, where John P. S. Rand and Conway Sand represent Hoffman, and Messrs. Murray McGuire and Wyndham Meredith appeared for the Locomotive Company.

Mrs. W. B. Frayser, wife of the Henrico county treasurer, and her daughter, Miss Ethel, were in a runaway accident on Tuesday afternoon near the hub and spoke factory below Fulton. The horse was frightened by a passing bicycle and became unmanageable. The buggy was overturned and the ladies were thrown out and somewhat bruised, but not seriously hurt.

Treasurer Frayser again calls attention to the fact that Saturday of this week is the last day on which poll taxes can be paid in order to vote in the primary and in the November elections.
